

N-472 Rinse-Away

Low VOC Wash Step 2 Rinse

Description

N-472 Rinse-Away is the step two roller rinse for the Nova N-471 SoCal 1171 Wash. The N-472 Rinse-Away is also Rule 1171 compliant and provides an improved rinse of the low VOC material used in the N-471 from the ink rollers. N-472 Rinse-Away improves roller clean-up and reduces wash-up time.

Directions

For Use on Rollers: Wash rollers with Nova N-471 SoCal 1171 Wash as directed. Engage the wash-up blade and allow the wash solution to clean the rollers. Repeat with several applications of N-471 until ink is removed. Apply several applications of N-472 Rinse-Away until rollers are clean. Meets SCAQMD Rule 1171 2008 requirements.

Product Need and Usage

The SCAQMD Rule 1171 requires the use of less than 100 grams/ liter of VOC for blanket and roller wash effective January 1, 2008. The nature of these materials is that they are oily and do not evaporate. The N-471 and N-472 Rinse-Away provides an effective cleaning system that reduces clean-up time without leaving any oily residue.

Features

- * Leaves rollers clean and clear of residual low VOC wash.
- * Meets SCAQMD Rule 1171 2008 requirements.
- * Low odor.
- * Non-Combustible.

Technical Specifications

Drying Speed	Slow
Water-Miscible	Yes
Flash Point (°F TCC)	> 200
VOC (lb/gal method 24)	0.75
Vapor Pressure (mm HG)	0.02
Odor/Fragrance	Mild / None

Rev. 11/5/2007
