

SP-155

Super Rubber Deglazer

Description

SP-155 was formulated upon special request as an extra strong deglazing solution for the extra demanding cleaning and deglazing jobs. It is fast-drying and deep penetrating to clean tough embedded ink resins and pigments.

Directions

Blankets: Clean blankets with your regular blanket wash. Saturate a cloth with SP-155 and wipe blanket in the normal manner.

Rollers: Clean rollers with your regular roller wash. Apply SP-155 to rollers and engage the wash-up blade. Repeat applications until rollers are clean and deglazed.

Product Need and Usage

SP-155 is recommended for periodic occasional use as a deep cleaning deglazer. Over use of SP-155 could be damaging to rubber surfaces.

Features

- * Extra strong rubber deglazer.
- * Very fast-drying.
- * Deep penetrating formula.

Technical Specifications

Flash Point (°F TCC)	0
VOC (lb/gal method 24)	3.60
Specific Gravity	0.83
