

SP-579 Plate Clean and Stor

Multi-Purpose Emulsion Plate Cleaner and Preserver

Description

Nova SP-579 Plate Clean and Stor is a multi-purpose emulsion plate cleaner and preserver. It is designed to be compatible with all types of positive and negative plates. SP-579 Plate Clean and Stor contains effective ink solvents, desensitizers, and non-blinding gum plate preservatives to be the one all-purpose plate cleaner preservative to meet your needs.

Product Need and Usage

SP-579 Plate Clean and Stor is recommended for all general on-press plate cleaning and protection and for short-term plate storage for reuse. Today's modern printing plates, though advanced in many ways, are often more susceptible to chemical attack from press chemicals and cleaners. SP-579 Plate Clean and Stor is an effective cleaner, yet safe for use on fragile plate images.

Features

- * Multi-purpose plate cleaner and preserver.
- * Compatible with CTP plates.
- * Non-blinding plate gum.
- * No harsh solvents or abrasives.

Directions

Apply a generous amount of SP-579 Plate Clean and Stor to a shop cloth. Wipe plate in back and forth motion to remove ink and other contaminants. Buff the plate dry with a clean cloth.
