NOVA ANNOUNCES CORPORATE HEADQUARTERS MOVE

April 21, 2009 – Jacksonville, FL

NOVA Pressroom Products LLC is pleased to announce it has moved the Corporate Headquarters and Customer Call Center to the site of its Manufacturing and Research Center located at 1663 North McDuff Avenue, Jacksonville, Florida 32254. All marketing, sales and operations will be consolidated in a new 2,200 square foot facility adjacent to the plant.

“We believe bringing the business operation to the same campus with manufacturing and research will allow for more efficiencies as we continue to grow,” stated Ron Rose, President of NOVA Pressroom Products. “We continue to be honored by the enthusiastic support of our customers as we work to achieve our goal of becoming a major supplier of safe, cost-effective and environmentally-compliant pressroom products.”

The 23,500 square foot plant opened in January 2008 is the site for manufacturing NOVA fountain solutions, water-based coatings and UV coatings to support sales efforts domestically and internationally. The facility also contains research laboratories for NOVA’s main product lines. The company markets its products through a network of dealers in the United States, Canada, Latin America and Asia.

Founded in February 2007, NOVA Pressroom Products has dedicated its over 75 years of industry-related technical experts to formulating environmentally-compliant products that address problem-solving and regulatory requirement needs of printers worldwide. To contact Customer Service or a NOVA Technical Staff member call 904-292-2554. Product information along with product data sheets, MSDSs and technical tips can be viewed on our easy-to-use NOVA website found at <http://www.novapressroom.com>. Additional information along with new product updates can be found on our blog at <http://novapressroom.blogspot.com>.
